Welcome to Thessaloniki, the city where your own senses lead you to discover multiculturalism. The city with the largest University Campus in Greece that today hosts under its wings the first career steps of young people, was once a great embrace for the different religious communities that lived here and left their mark until today. For young people it is the city that never sleeps, but in the past has received many different denominations. For the Jews is the “Jerusalem of the Balkans”, for the Muslims the “birthplace of Kemal” which imbued him with Western values and for the Christians “the co-ruler after Constantinople of the Byzantine times”.

Thessaloniki can be introduced on its own through its monuments. It possesses Ottoman, Jewish, Roman and Byzantine monuments and 15 of them have been designated as World Heritage monuments by UNESCO. In addition, the city’s 50 museums, exhibitions and numerous festivals prove that Thessaloniki is a city of spirit and culture that provides food for thought. However, spiritual food competes worthily with food for the sake of taste. In Thessaloniki gastronomy has become a science and local food can satisfy even the most demanding visitor. But which feature makes Thessaloniki unique? This is its timelessness, its long-term viability, its continuity over time. This feature means that Thessaloniki is the only city in the world that from the years under Alexander the Great until today its living space is used continuously by its inhabitants in the same way. The city-market, its religious monuments, its port and its city-center are not just cultural monuments but part of the life of its citizens for over 2300 years.

Consequently, it is not only the reasons that worth the visit to Thessaloniki but the unique feeling. Viability over time and multiculturalism is the best fabric for the exchange of new ideas, which is the core aim of conferences. Thessaloniki offers the best standards for organizing and supporting conferences, not only because of the suitability of its large conference centers but also because of its experienced partners. In addition, Thessaloniki takes a step forward in conference tourism by highlighting the Aristotelian way of exchanging ideas, ie in an outdoor environment. Thessaloniki has three open conference venues, designed to the standards of ancient Greek theaters, offering the best of natural acoustics. One is located in the city center and the other two on the north side in the forest of “Seih sou”, offering an incredible view of the whole city. Finally, Thessaloniki can support the organization of a conference on a 1700-year-old cultural heritage site designated by UNESCO, the famous “Rotunda”, proving that its monuments are living values and part of the present.

This is Thessaloniki and it is waiting for you to discover it.

THE UNCONVENTIONAL WAY TO A GREAT CONVENTION!

THESSALONIKI: A SPOT-ON BUSINESS DESTINATION

THIS IS THESSALONIKI, A BUSINESS CENTER OF ENORMOUS EUROPEAN AND INTERNATIONAL INTEREST, WHERE GREAT OPPORTUNITIES ARISE EVERY DAY. THERE ARE MANY REASONS THAT MAKE THIS CITY A TRULY UNIQUE BUSINESS DESTINATION. WAIT NO LONGER. TURN OVER TO DISCOVER THEM.

ONE CITY, MANY ASSETS

WELCOME TO THESSALONIKI! THE CAPITAL OF THE REGION OF CENTRAL MACEDONIA AND THE SECOND LARGEST GREEK CITY IS A LIVELY AND GENEROUS URBAN CENTER THAT IS AT THE SAME TIME HISTORIC AND AVANT-GARDE. THERE ARE MANY REASONS THAT MAKE THESSALONIKI A TRULY UNIQUE BUSINESS DESTINATION. BELOW WE HAVE LISTED JUST A FEW.

Host of great events for millennia

Throughout the years, from ancient Greek Symposium all the way to present day meetings, people have always convened so as to exchange ideas and goods, leaving their mark in an ever transforming world. Strategically located at the crossroads of East and West, Thessaloniki has been witnessing these transformations of the world for thousands of years as a proud host of historic events. Today it still constitutes a remarkable business hub for Southeast Europe.

A historic gem in a unique location

A stroll into the streets of Thessaloniki will soon turn into an intriguing time travel. Historically one of Europe's oldest and most multiethnic cities, it is truly unique in the sense that it merges its thousands-year-old multicultural heritage and the architectural marvels with the Roman, Byzantine, Ottoman and Sephardic Jew history. From Alexander the Great and Aristotle the philosopher, from the Romans, the Byzantines and the Ottomans all the way to the cosmopolitan contemporary Greeks, Thessaloniki is a miraculous melting pot of cultures.

Defining the term "easy-going"

Built on the waters of the North Aegean Sea, the city and its 1 million inhabitants are renowned for their hospitality and easy-going lifestyle. Thessaloniki is famous for its unique laid-back character, forming an exciting and relaxed urban landscape where life can be simple and amazing at the same time.

There is (almost) always the sun

Typically Mediterranean, with warm-to-hot summers,

mild winters and an annual average of 300 days of sunshine, the climate is yet another one of the numerous city's charms. It takes a walk on the "paralia" -the longest urban waterfront in Europe- to appreciate the generous, relaxing touch of the bright Mediterranean sun, in this unique Greek city.

Proximity is the key

They say that it takes approximately 30' to go anywhere in Thessaloniki, and this is more or less a fact. The city centre is an easy to access, walking-friendly urban zone that never fails to impress its visitors. Moreover, many interesting destinations are within easy reach. It takes less than a two-hour drive to the divine Mt Olympus or to the emerald waters of Halkidiki; adding an hour or two to your day trip, you can visit Vergina, Pella and Dion to admire the grandeur of the Kingdom of the Macedons.

A city to feel like "home"

The city hosts the Thessaloniki International Trade Fair, the Thessaloniki International Film Festival, the Black Sea Trade and Development Bank, the European Centre of Vocational Training, the Alexandria Innovation Zone and several other major institutions. It has rightfully been a European Cultural and Youth Capital: besides the excellent museums and historic buildings, the city is a big stage for creative young people who enjoy all aspects of life. Gastronomy, music, dance, nightlife are some of them. However, what makes Thessaloniki really special is the people that inhabit it. Smiley, good natured, carefree and always there to help, they surround you with warmth to make you feel like an old friend coming back to their hometown.

SEDUCE YOUR PALATE

THERE IS NO OTHER LOCATION IN GREECE WHERE ONE CAN FIND SO MANY DIFFERENT DISHES SERVED ON THE SAME TABLE AND THIS IS NO COINCIDENCE.

The coexistence of the Turkish, Jewish and Greek communities, as well as the massive refugee wave after 1922 resulted in a multitude of influences that enriched the local cuisine with different techniques, products and moods, leading to admittedly delicious results. However, the core of the local gastronomy remains Greek in its essence, based on popular local products; olive oil, vegetables, meat, poultry, fish and seafood, nuts, herbs and spices, all sold in abundance at the colourful street markets of Kapani and Modiano.

Gastronomic surprises in every corner!

Fortunately, in this city you don't have to spend a fortune to enjoy an exceptional meal. The easiest way to taste Thessaloniki's delicacies is in the local traditional, casual eateries, the so-called "tavernas". Those can be found practically in every corner. Still, some of the most renowned are located around the picturesque side streets of Athonos square and Ladadika, in the city centre, or in the quiet, narrow streets of Ano Poli. For those in search of a more refined culinary experience, there are many restaurants offering exceptional gourmet choices. The city's chefs whip up international delights with a contemporary twist scaling new heights in European haute cuisine.

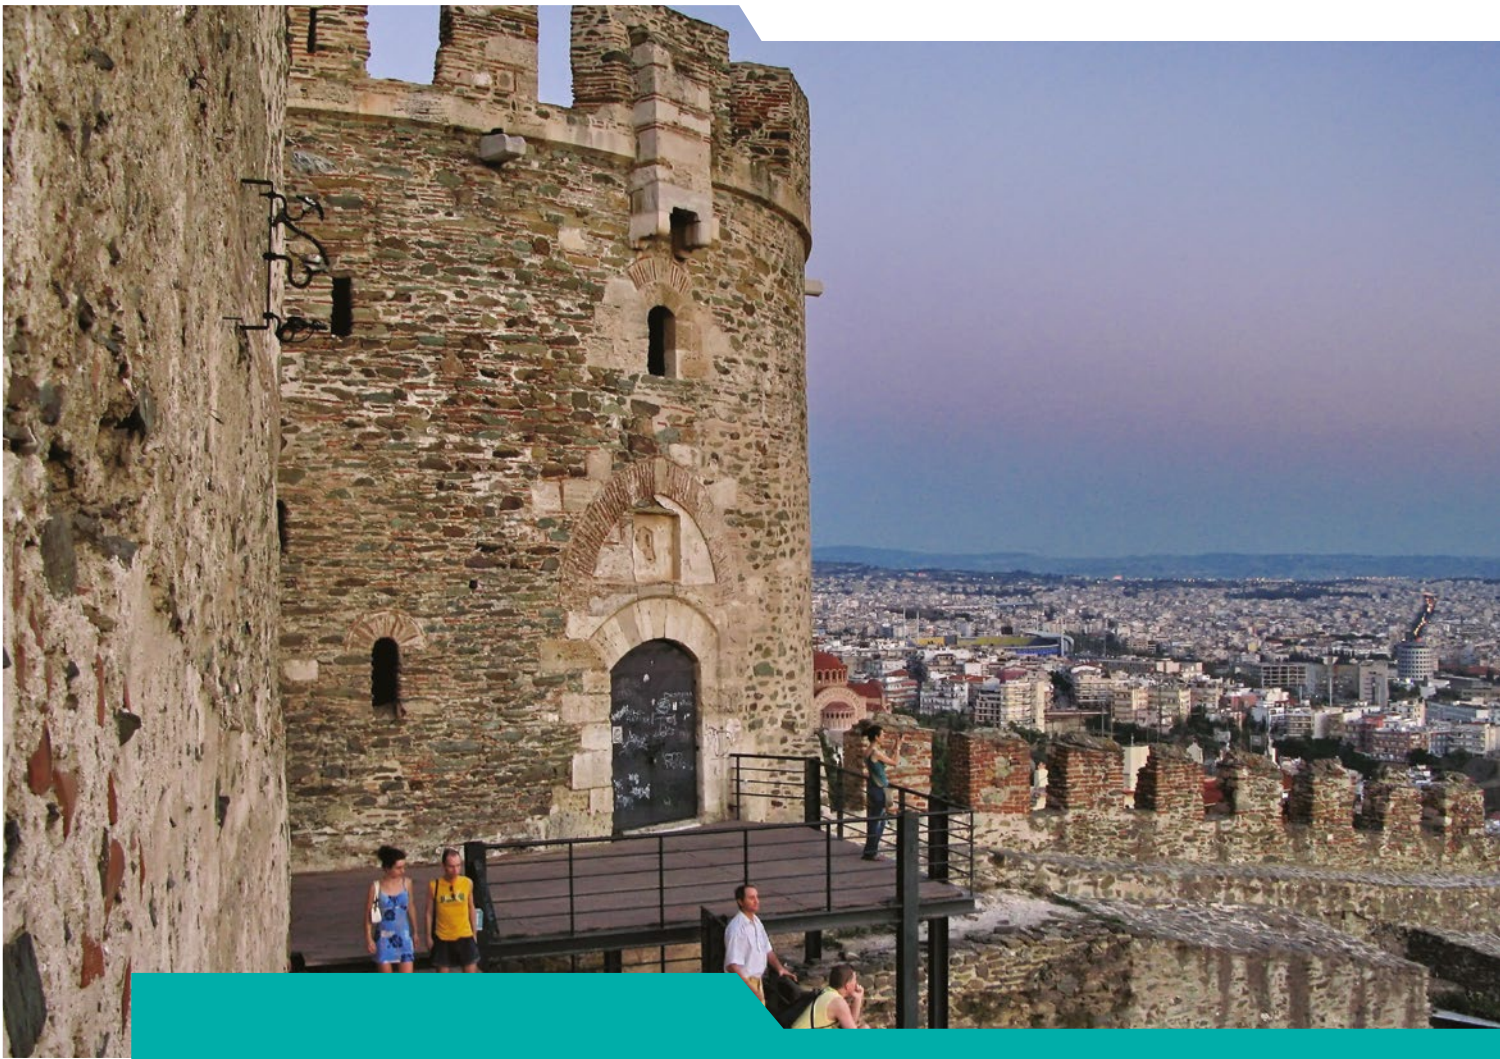

Thessaloniki Food Festival

In 2011, Municipality of Thessaloniki launched an innovative, food oriented festival with various events throughout the year. The festival promotes the city's rich gastronomic identity, highlights local products, explores new emerging trends within the food industry, and leads to prolific partnerships so as to attract new tourists. Among other events, the festival includes Thessaloniki Food Basket, an annually updated collection of local products that represent the city's gastronomic value abroad, Chef Ambassadors, Kids in the Kitchen, Coffee and brunch festival, Street food & Beer festival.

STAY FOR THE EXPERIENCE!

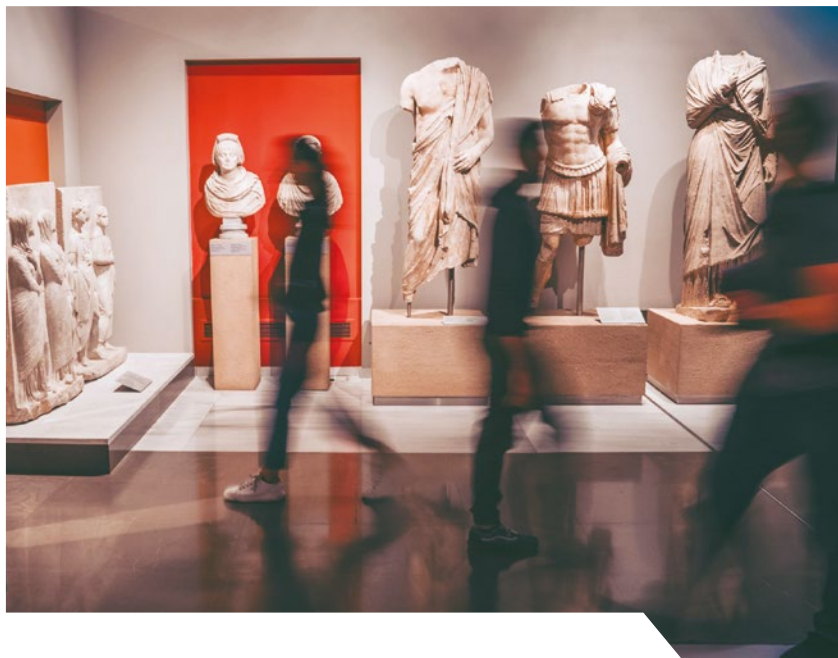

BUSINESS TRAVELLING IS NO LONGER AN ISSUE OF MERE LOGISTICS AND METICULOUS ARRANGEMENTS. IT IS RATHER A MATTER OF BEING IN A POSITION TO CREATE FASCINATING EXPERIENCES THAT WILL MAKE THE BUSINESS TRIP A SHEER PLEASURE FOR ALL THE ATTENDANTS.

CITY OF THESSALONIKI

Thessaloniki is an ideal business destination, exactly for that reason; because it has the special gift to add an experiential dimension to business travelling. This is not a place for well-worn tourist explorations; this is a true paradise for the initiated experience collector.

Thessaloniki Film Festival

The location, the history, the aesthetics and the facilities of our venues make it ideal for the realization of an exceptionally wide range of artistic and commercial events. A great number of conferences, concerts and stage performances have been successfully hosted so far.

Olympion and Pavlos Zannas theatres are part of the OLYMPION complex, an emblematic building and a reference point for Thessaloniki's cultural life, located

on Aristotelous Square, one of the largest and most beautiful squares not only in Greece, but in the greater Balkan region.

Takis Kanellopoulos theatre and Warehouse C venue are located on Pier 1 of Thessaloniki's port, that has become a hive of culture, thanks to urban renewal efforts and the presence of three museums (Cinema, Photography, Contemporary Art).

Bahar Boutique Hotel

Bahar Boutique Hotel is situated in "Emporiou" square at the corner of Katouni and Edessis street and was built between 1926-1931 by the first owners of Adam Ladeni's family. Since then and until 2008 it was used as a Shop center. Our family bought the building in 2008 and has been fully redesigned with respect to its history and decorative features. The hotel has a unique elegant design inside and outside and has been recognized as a piece of Art from the Center of Modern Monuments of the Ministry of Culture.

Our hotel has 16 double elegant rooms which some of them can accommodate up to 3 people. During the reconstruction of the hotel most rooms preserved the features of the original interior design with respect to the history of the building and the area as well. Each room has its own color and design offering at the same time modern comfort. All rooms are equipped with the 3-Layer Coco-mat sleeping system, cotton sheets and towels, while the amenity products are provided by the Greek company "Zealots of Nature".

**THE
MODERNIST**

The Modernist

All things Modernist are about relaxing in the stolen moment. Enjoying freshly starched fine cotton sheets that somehow never seem quite the same at home. Taking the time to look at the ceiling details and noticing the foreign quality of light filtered through curtains that shift in the breeze. Showering longer than you normally would, sampling all of the bath products at once and asking for more, just because you can. Listening to local music channels in between your usual playlist off the Bluetooth speaker. Browsing through our favourite international

publications around culture, travel, architecture and design. Getting recommended where and what to eat. Which places to visit. And then there's the perfect proportion and logic to all things functional. It's like wearing a bespoke suit for a few days without having had to attend all the fittings.

The Modernist Meeting Room offers a 15m² space, filled with a private, inspirational, and focused atmosphere to ensure the optimum exchange of ideas. The Meeting Room experience can be designed in the way that best fits your business needs.

Region of Central Macedonia Cultural Center

The Region of Central Macedonia Cultural Center stands for the official cultural institution of the Region, operating since 1996. It aims to support and promote the cultural life, the arts education and the creative institutions through inspired events with top quality and high standards.

Our productions, outnumbering 150 per year, cover a vast range of artistic expression, from children's theater to folklore Greek songs, Opera and Byzantine music. The outstanding monuments and historical sites of the Region of Central Macedonia provide the most exquisite background for our high profile events.

Furthermore, our initiative to host events in rich in history unique monuments, i.e. the Rotunda, the Heptapyrgion, the Byzantine baths, the White Tower, Gingirli Jami, renders a new aspect to the way we approach them and enjoy them, highlighting their importance through time.

In the summer of 2019, in collaboration with the Ephorate of Antiquity of the City of Thessaloniki, we inaugurated the Heptapyrgion Festival; a two weeks festival that took place in the patio of the historic prison, transformed to a contemporary open air theater to host concerts, opera, poetry readings in a unique collaboration with the major cultural institutions of the region.

Maïami Seafood Restaurant

Quality in food and respect for the customer were the basic principles that were passed on by their grandfather and founder of Miami Seafood Restaurant, Dimitris Mamais, to the third generation of owners, his three grandchildren that took over 5 years ago.

Keeping tightly to the principles of the grandfather and adding innovative elements to the recipes and service, Dina Tertsi, Gogo Tertsi and Dimitris Mamais continue the long tradition of Maïami, adding new pages in his book of history. A history book signed by all Greek Prime ministers, Presidents of Greek Democracy, Queen Sophia of Spain and many well known celebrities from Greece and around the world. Besides, it's no accident that Maïami is a suggestion and choice of good food lovers,

with a simple, clean and comfortable environment, away from the crowded center of the city. The rich variety of Greek fish available in it classifies our specialization in Seafood Gastronomy. A dynamic wine list, with the best greek wine labels have been chosen to accompany our menu. In addition to the ala cart menu, we have suggestions in set menus with both seafood and meat options. We are also efficient to eating habits and nutritional particularities. The endless blue of the sea and the sky along with the sun create the perfect setting every hour of the day, every day of the year.

We invite you not only to make a small odyssey to Greek gastronomy and flavors but to live the 'Maïami Experience'. We will be glad to see you soon.
